SHADES • CANOPIES

Why Aristocrat Awnings, Shades and Canopies

Aristocrat Awnings, Solar Shades and Canopies are custom built to your specifications. We will visit your home or place of business and help you decide the best placement for your shade products. We will check the available mounting height, and recommend the best styles for your application. Working with your home's décor, your corporate colors or building architecture, we can help you locate the fabric that will complement your image and make your home or building stand out from the rest!

Extensive Style and Fabric Options

Aristocrat offers a variety of designs to meet your needs and budget. You can select from hundreds of fabric patterns and colors in the exclusive Craft-Bilt Fabric Collection.

Aristocrat Awnings and Canopies feature optional equipment to operate automatically, and extruded aluminum covers to protect your awning fabric from the elements. Finally, select from our standard valance designs – or create your own.

Save Energy and Protect Yourself from the Sun

Our shade products help to reduce your cooling costs while protecting you and your furnishings from the harmful UV rays of the sun.

Professionally Manufactured and Installed

When your order information is received at the factory, Aristocrat will cut, sew and build your shade products for you. If you have ordered more than one shade product, the shade products are made from the same bolt of fabric for color constancy.

Your shade products are shipped fully assembled, wrapped and held in place with bubble wrap, with all mounting hardware and components included. We assure that all of your shade products are carefully and professionally installed.

Extensive Manufacturer's Warranty

All Aristocrat Shade Products come with the strongest Manufacturer's Warranty in the industry.

Lifetime Warranty on frame components
12 Year Limited Warranty on Craft-Bilt Collection fabrics
5 Year Limited Warranty on motors and gears
